

Maps of New Political Boundaries Now on Sale in Sacramento for \$2

By CHARLES E. CHAPEL
46th Assembly District

California Political Subdivision Maps, based upon the U.S. Census of 1960, and the reapportionment laws enacted by the California State Legislature in 1961, can be bought from the Documents Section, Printing Division, 7th and Richards Blvd., Sacramento, for \$2, which includes tax.

This is a set of forty sheets

showing Assembly, State, Senatorial, and Congressional Districts for the entire State of California. The front of Sheet No. 31 shows the new 28th Congressional District, including the 57th, 60th, and 46th Assembly District. The back of the same sheet shows more details of the map on the front of the sheet.

I DO NOT have a supply for sale or distribution. Please

write to the State Printing Division at the same address given above. Also, I do not believe that separate sheets are on sale now. Since the cost of the entire set is only \$2 and the maps are of great interest to everyone, I recommend the purchase of the complete set.

In last week's Sacramento Report, I explained that in 1953, I introduced my Assembly Bill No. 52, which passed both houses of the Legislature and was signed by the Governor. It then became known as

Chapter 1217, Statutes of 1953, and is found in Sections 2540, 2540.4, and 2540.9, Elections Code, State of California.

THIS LAW keeps communist candidates off the ballot in California, but it does it by describing the communist party and not by naming it specifically. The reason is that the State Supreme Court of California rendered a decision that it is not constitutional to keep a political party off the ballot by name, but it could be done

by description.

I hate to repeat statements made in previous issues of the Sacramento Report, but I must do it in this case to emphasize the situation that exists in California until the State Supreme Court renders a decision permitting the California State Legislature to keep the communist off the ballot by naming their party.

FURTHERMORE, it must be clearly understood that in order to outlaw the communists in California we must have not one, but a series of laws. For example, my Assembly Bill No. 2905, which was defeated on

the floor of the Assembly, among other things made it illegal for communists to hold meetings in California. You can get a free copy by writing to the Legislative Bill Room, State Capitol, Sacramento 14, Calif.

The Honorable Louis Francis, Republican member of the Assembly from the 25th Assembly District, whose address is 1413 El Camino Real, San Mateo, introduced his Assembly Bill No. 1263, and I was a co-author and vigorous supporter of his bill, but it did not get out of committee and on the floor of the Assembly, hence the bill is dead and

SEPTEMBER 21, 1961

must be introduced again. ONE OF THE features of the Louis Francis bill is keeping the communists off the ballot in California by name. He assures me that when he reintroduces the bill, it will be worded so that if it becomes a law, and if the State Supreme Court of California declares it unconstitutional, it will not kill my own law keeping the communists off the ballot by description.

During 1962, the Legislature meets to consider the budget and no bills not budget items

can be introduced during the special session which runs concurrently with the budget session without the written consent of the Governor of the State. However, during the 1963 general session, bills can be introduced on any subject without the consent of the Governor. Therefore, if the Louis Francis bill cannot be introduced during 1962, it can be introduced in 1963.

If you want a copy of Assembly Bill No. 1263, please write to the Legislative Bill Room, State Capitol, Sacramento 14.

During This Week

Sept. 17, 1787 — The Federal Convention adjourned after 39 of 55 delegates signed the U.S. Constitution. On this date, in 1788, the first Constitution Day was observed, being so each succeeding year.

Sept. 18, 1879 — The original Great Lakes commercial ship was sunk during a storm in Mackinaw Strait. The Le Griffon was a two-masted, armored rigger, which made her first voyage Aug. 7.

Sept. 19, 1876 — Patent No. 182,346 was granted to Melville Bissell, Grand Rapids, Mich., for his practical carpet sweeper — the world's first useful one. His invention, which was a boon to housewives, was a revolving sweeper in a dustpan, mounted on six-inch wheels and adjusted automatically to various floor coverings.

Sept. 20, 1870 — King Victor Emmanuel's troops occupied Rome, bringing the Eternal City into Italian hands for the

first time. The French garrison left, due to the Franco-Prussian War, giving Italy the chance. Papal troops yielded readily. The capital was immediately transferred from Florence to Rome.

Sept. 21, 1845 — Louis Joliet was born at Quebec, Canada, and was baptized the same day by youthful Father Marquette. Joliet, Father Marquette and five others later determined the Mississippi River's general course.

Sept. 22, 1851 — The telegraph was first used in railroading. Erie Supt. Charles Minot telegraphed 14 miles ahead to Goshen, N.Y., so his train wouldn't need to wait. Then, trains were run on the interval system.

Sept. 23, 1745 — William Pepperell, Boston, Mass., became the first native American to be knighted. He became a British Baronet for having led an April 29 attack on Louisbourg, a French fortress on Cape Breton, Nova Scotia, defeating the enemy.

NOW! DOUBLE BLUE CHIP STAMPS at CABRILLO SAVINGS!

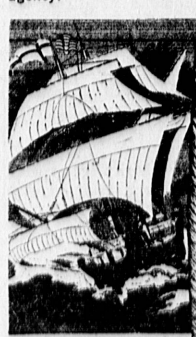

Valuable Stamps for SAVING your money...instead of for spending it! Continuing our Grand Opening Celebration, Cabrillo Savings gives 2 Blue Chip Stamps for every dollar you place in your account (to the legal limit of 1086 stamps).
